

TuitionKit is an online learning portal with thousands of videos covering GCSE and A-Level core subjects of English, Maths and Science.

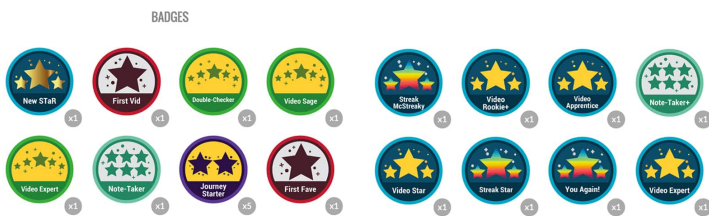

As well as containing over 200 teacher training resources and reflection materials. It has been built to help teachers guide learners to improve core skills and prepare them for exams. We have over 11,000 individual subscriptions and are now offering schools the chance of heavily discounted subscriptions for their students.

(And that's just the GCS videos... we also have loads of A-Level videos.)

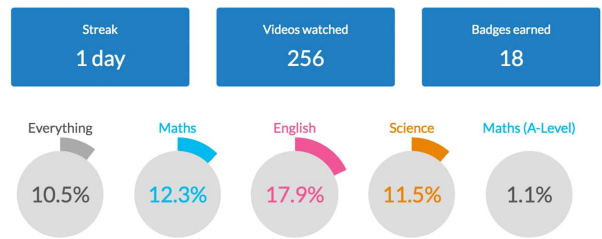

Learners can earn badges

as they work their way through our course content

And can also gain overview of where they are

in their learning from their dashboard at any point

Our students say it best...

— Check out some of the great testimonials and comments our students have left us after using TuitionKit to maximise their revision:

“ Very clear and nicely presented...defo a thumbs up from me:)

Lisa Riccobono - Statistics Intro - Types of Data

“ Thank-you so much this was extremely helpful!

Daniele Ceccarelli - A* Exemplar Model Answer: AQA Question 1 (GCSE English Language)

“ Brilliant Video, worth a watch, your voice is relaxing, and you flow from each point to the next really smoothly, love it!

Jalkurt - To Kill a Mockingbird - Notes and Essay Plans

“ This was a GREAT video!!!!!! Of all my years of statistics and biostats I've NEVER had it explained so plainly and well demonstrated.

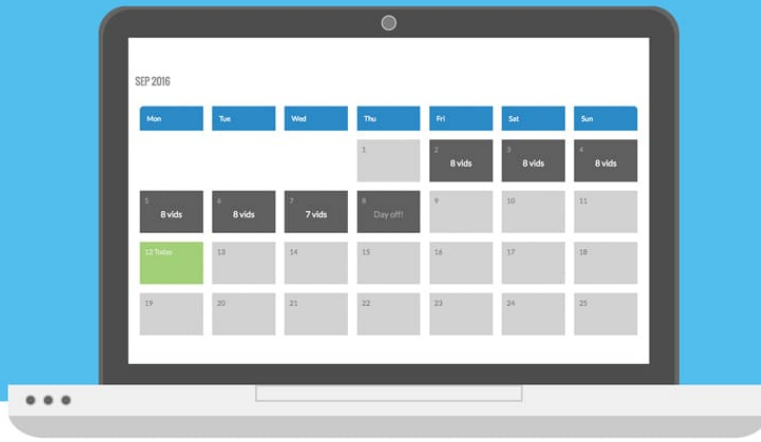

Tenya Steele - T-Test with Paired (Dependent) Samples

“ Thank you! After watching 5 videos and still not understanding inverse and direct proportion I can now actually do it! This was a very helpful video. Thank you again!

Billie McCurdie - Direct and Inverse Proportion

“ Thank you so much for these videos. I'm impressed with the clear and interesting break-down of problems.

Jack Brown - BODMAS (Order of Operations)
